

## 2022 - 2023 Choir Calendar

It is important for students and parents to understand that although this calendar is accurate and currently up to date, it is subject to change and alteration. **All choir performances for choir students are mandatory.** If a change needs to take place, Mr. Rymer will strive to allow enough notice for students and families to have reasonable time to make arrangements. Students must make adjustments in their schedules in order to attend all of the events that directly involve them. Be especially aware that additional performances may be scheduled as invitations are extended to the choral department.

**Church meetings/activities, family vacations and work are not valid excuses for missing performances. Off-campus practices, clubs, teams, companies, and non-UHSAA region events are not valid excuses for missing performances.** The only exceptions made for missing a required event are severe illness, family emergencies, or events such as weddings or funerals, which will be professionally and individually dealt with. Thank you in advance for your support!

**Students and their families are strongly encouraged to program these dates into personal and family calendars, planners, Google calendars, phones/iPads, etc., with reminders attached to them.** This should help reduce unnecessary anxieties or miscommunications throughout the school year. Since great efforts have been taken to provide advance notice of these important dates, it is expected that choir students, their parents and families schedule accordingly and make arrangements in order for students to keep their commitments to the team.

**Thank you in advance for your support and commitment to excellence!**

**REMINDER:** Additional performances may arise as invitations are extended to our choral department. Additional rehearsals as needed (including early-morning and/or lunch-time rehearsals) will arise and be scheduled throughout the school year.

**In addition, please be patient and understanding with the ever-changing coronavirus situation, and its change and potential change to the schedule.**
